

Impact Fee Savings

The Fallbrook concept is a big one. In fact, less than 40% of the 700-acre property is currently under construction. There are still plenty of opportunities for you to purchase the lot of your choice and build the home of your dreams. Fallbrook is dedicated to the ideals of excellence, lasting character, and close attention to detail. Whichever Builder you choose, you can rest assured your new home will contribute to the overall appeal and function of the neighborhood. After all, at Fallbrook, it's not about size of house. It's about size of life.
